To Whom It May Concern:

I am writing this letter to endorse OUTFRONT Media as a valued media partner for our organization.

During the time Make-A-Wish New Jersey has been working with OUTFRONT Media over the past three years, their digital billboards have been able to provide our organization with tremendous exposure throughout the state. Their generous donation of advertising space helps raise awareness for our mission to create life-changing wishes for children with critical illnesses, but also provides a way for us to inform the community on how they can get involved.

Not only have they donated available space, but they have always been at-the-ready to change our graphics for important calls-to-action, often it would seem immediately, whether supporting an active fundraising campaign or celebrating a recent wish. They have always answered our call for assistance and deliver within a day, not days, and have shown their dedication and belief in our mission consistently.

We are honored to work with such professional and caring individuals who understand their business, and have extended that expertise to us in such a way that they have guided us in best practices for design decisions, discussed our needs and determined best placements, and worked within our abilities to provide substantial reach throughout the Garden State. While we have recognized OUTFRONT Media as a valued in-kind sponsor wherever possible, they have never asked for such recognition. They are a dedicated, professional and generous organization that truly puts the client first, no matter what. We are grateful for their partnership and look forward to continuing that relationship well into the future.

Sincerely,

To Whom It May Concern:

The Township of Denville has a long-standing relationship with OUTFRONT Media and unhesitatingly recommends them for consideration as a media partner in your community.

During the past four (4) years, the Township of Denville has worked collaboratively with OUTFRONT Media for the upgrade of their older, existing signs with two (2) state-of-the-art digital billboards. Besides working with the Township to ensure the new billboards would appropriately blend into the environment where they were being constructed, OUTFRONT Media also worked out an arrangement with the Township to ensure we have access to the billboards for emergency notification purposes, public services announcements as well as to advertise certain community events. The billboards have proven to be an invaluable tool in our efforts to be able to more effectively communicate with local residents.

OUTFRONT Media's New Jersey leadership and staff have been a pleasure to partner with and our a valued part of our community.

If you have any questions or require additional information, please feel free to contact me at (973) 625-8300 ext. 222.

Sincerely,

Steven Ward, Township Administrator
