Re: Variance Application
372 Beveridge Road, Block 1303, Lot 9

Dear Jane:

I have reviewed the report from John Barree with my clients and write in response to Comment No. 3. The area of the fire pit noted will be removed as part of the construction of the addition if approved by the Board and the applicant would agree to that as a condition of any approval granted.

Please advise, if with the above, this application may be deemed complete and scheduled for hearing.

Very truly yours,

Darryl W. Siss
DWS/mc
