The Ridgewood Zoning Board of Adjustment has the power to hear requests for variance relief under the Municipal Land Use Law. In applying for a variance, you must meet the criteria set forth in N.J.S.A. 40:55D-70(C).

**"40:55D-70. Powers**

c. (1) Where: (a) by reason of exceptional narrowness, shallowness or shape of a specific piece of property, or (b) by reason of exceptional topographic conditions or physical features uniquely affecting a specific piece of property, or (c) by reason of an extraordinary and exceptional situation uniquely affecting a specific piece of property or the structures lawfully existing thereon, the strict application of any regulation pursuant to article 8 of this act [40:55D-62 et seq.] would result in peculiar and exceptional practical difficulties to, or exceptional practical difficulties to, or exceptional and undue hardship upon, the developer of such property, grant, upon an application or an appeal relating to such property, a variance from such strict application of such regulation so as to relieve such difficulties or hardship; (2) where in an application or appeal relating to a specific piece of property the purposes of this act or the purposes of the "Educational Facilities Construction and Financing Act," P.L.2000, c.72 (C.18A:7G-1 et al.), would be advanced by a deviation from the zoning ordinance requirements and the benefits of the deviation would substantially outweigh any detriment, grant a variance to allow departure from regulations pursuant to article 8 of this act [40:55D-62 et seq.]; provided, however, that the fact that a proposed use is an inherently beneficial use shall not be dispositive of a decision on a variance under this subsection and provided that no variance from those departures enumerated in subsection d. of this section shall be granted under this subsection; and provided further that the proposed development does not require approval by the planning board of a subdivision, site plan or conditional use, in conjunction with which the planning board has power to review a request for a variance pursuant to subsection a. of section 47 of this act [40:55D-60]; and

No variance or other relief may be granted under the terms of this section, including a variance or other relief involving an inherently beneficial use, without a showing that such variance or other relief can be granted without substantial detriment to the public good and will not substantially impair the intent and the purpose of the zone plan and zoning ordinance. In respect to any airport safety zones delineated under the "Air Safety and Zoning Act of 1983," P.L. 1983. C.260 (C.6:1-80 et seq.), no variance or other relief may be granted under the terms of this section, permitting the creation or establishment of a nonconforming use which would be prohibited under standards promulgated pursuant to that act, except upon issuance of a permit by the Commissioner of Transportation. An applicant under this section may be referred to any appropriate person or agency for its report; provided that such reference shall not extend the period of time within which the zoning board of adjustment shall act".

Please realize that under the pertinent New Jersey Land Use Law, the term "hardship" does not mean a personal hardship, but rather a hardship pertaining to the property itself. In connection

with the statutory criteria pertaining to "benefits of a deviation that would substantially outweigh any detriment", this pertains to a public benefit, and not a private benefit.

The burden of proof is on the Applicant, and the Board must determine if the Applicant meets the criteria set forth in N.J.S.A. 40:55D-70(C) (1) or (C) (2), and that such relief can be granted without substantial detriment to the public good, and will not substantially impair the intent and purpose of the Zone Plan and Zoning Ordinance of the Village of Ridgewood.

4. Applicants are the owners of these premises by deed dated May 20, 1994, recorded in the office of the Clerk of Bergen County in Deed Book 7700 at page 20, et seq.

Re: Block 5001 Lot 19  
914 Elaine Terrace

Dear Mr. and Mrs. Melton:

A review of your application for a fence permit regarding 914 Elaine Terrace, (R-2 zone) has been made. A variance must be obtained from the Zoning Board of Adjustment for the proposed fence which would result for the installation of a fence in the front yard, on Elaine Terrace, which would result to be 6 feet and solid where 4 feet and not more than 60% solid is permitted.

Under the provisions of § 190-124F(3)(a)[2] and 190-124F(6)(c) Article X of the Ridgewood Village Code, "Maximum height...the height of fences shall not exceed four feet"; "Fences located within the front yard shall not be more than 60% solid..."

If you have any questions, please feel free to contact me.

Sincerely,
