Hey Ridgewood! This is the year we get to celebrate the 250th anniversary of the United States! (It's called a semi-quincentennial. Who knew?!) This year's calendar features a special collection of historic photographs from Ridgewood's past that capture familiar locations we all know, iconic buildings we all love, and long-standing traditions we all cherish. These pictures bring us back to those special times in the history of our Village. They've inspired me to pause and appreciate how far we've come, while also inspiring us all to preserve the character and values that make Ridgewood such a wonderfully special place.

As we commemorate America's 250th anniversary, I hope this calendar encourages all of us to reflect on our heritage and celebrate the enduring strength of our beautiful community. I am grateful (as I am each and every day) to be able to share this historic moment with all of you, and to continue building a bright future for the Village of Ridgewood—together.

Mayor Paul Vagianos

## CURBSIDE BULK DAY ITEM LIMIT

*mandated by  
Ordinance #3877*

Residents are limited to 7 items on curbside bulk day. Here are a few details that will help you stay in compliance and accurately count your items:

1. Each bag or barrel of trash counts as one item.
2. If you take something apart to get it to the curbside, it only counts as one item. (Please don't count each dismantled piece.)
3. Items that are recycled like metals, tires, auto batteries, stoves, refrigerators, etc. do not count against your limit. Please put them in a separate pile.

A great way to keep your item count low is by donating gently used items. Remember, your trash may be someone else's treasure! Note: Clothes, shoes, white rigid foam packaging, and e-waste should be brought to the Recycling Center.

Railroads have long played an important role in the development of Ridgewood and continue to shape our community today. After decades of advocacy by the Village, the Erie Railroad agreed in 1915 to build a new station to replace the aging 1873 facility. Designed by W.W. Dinker and Frank A. Howard, the new station opened in 1916. Collections of the Ridgewood Public Library, Bolger Heritage Center.

The railroad came to “Ridgewood” (then, part of Franklin Township) in 1848, helping to transform the area from a quiet farming community to a growing suburban center. In 1916, Erie Railroad unveiled the Mission Revival-Style Ridgewood Train Station, now listed on both the New Jersey and National Registers of Historic Places. *Photos by Aaron Aljian, Collections of the Ridgewood Public Library, Bolger Heritage Center*

## PLANNING A HOME IMPROVEMENT PROJECT?

Many residential projects require prior approval from the Zoning Board of Adjustment and as such, sequencing the timetable is essential. Approval may take months to receive, so if you're considering an addition, pool, fence, backyard patio, shed or any other construction that impacts lot coverage, setbacks or building height, please contact the Zoning Department at 201-670-5500 Ext. 2211 or 2212 to discuss the process.

## TENNIS/PICKLEBALL BADGE SALES

Online registration for tennis/pickleball badges will begin **April 1, 2026**. Badge distribution or in-person assistance available at the Recreation Office.

## SPRING FORWARD SAFELY

Change your clock, change replaceable batteries in your Carbon Monoxide and Smoke Detectors, and test your smoke alarms (monthly).

## “THE NEW TREE REMOVAL” APPLICATIONS

The new Tree Permit Application as well as the recently adopted Village Tree Ordinance is available for pick up in the Engineering Division Office, located on Level 3 in the Village Hall. If the trees that you would like to remove are dead, diseased, dying or pose an immediate safety hazard, the permit fee is waived, but an application is still required to be submitted to the office. If you would like to remove a healthy tree from your property, the permit fee is \$50.00 per tree and a replacement tree is required, which may be planted on either your property or for a fee of \$500.00 at another location within the Village. Please allow us 24hrs. to process your permit. Please contact the Engineering Division office at **201-670-5500** Ext: 2238 or via email at [yanderson@ridgewoodnj.net](mailto:yanderson@ridgewoodnj.net) for further information.

## SAFE DISPOSAL OF MEDICAL WASTE

To protect sanitation workers, syringes must be placed in sturdy, puncture resistant containers with screw-on caps (e.g. detergent or bleach bottles). Secure the cap, label the container “Do Not Recycle – Contains Sharps,” dispose of container in trash (not recycling). Never use coffee cans or glass bottles.

Built in 1872 at a cost of \$4,600, the Ridgewood Historical Society & Museum building (formerly known as the Schoolhouse Museum) operated as a public school until 1905. It is listed on the National Register of Historic Places, as is the bordering Old Paramus Church and Valleau Cemetery. *Ridgewood Historical Society & Museum*

## RECYCLING IS THE LAW

In 1987, Governor Kean signed the Mandatory Source Separation and Recycling Act. This law makes recycling mandatory throughout the entire state of New Jersey in accordance with local recycling ordinances. Ridgewood Ordinance 2284 requires residents, institutions, schools, and businesses to separate and recycle newsprint, corrugated cardboard, mixed papers (magazines, catalogs, direct mail, white and colored office paper), tin/steel cans, aluminum cans, plastic bottles, glass bottles, major appliances, non-ferrous and ferrous metals, and vegetative waste. Failure to comply may result in a summons.

**APPROVALS AND PERMITS NEEDED FOR REMOVAL OF TREES ON PRIVATE PROPERTY:** *The Village of Ridgewood has regulations regarding the removal of trees on private property. A plan showing the trees for removal is submitted to the Engineering Division, in Village Hall, and a permit for tree removals must be obtained. An inspection by a licensed arborist to evaluate the condition of the trees, prior to removal is required. There are also requirements for obtaining an exemption, replacing the trees on your property is required, and paying a fee to a tree fund, which will be used by the Village for planting trees throughout Ridgewood.*

Ridgewood High School's distinctive tradition of white formal wear and roses has been a hallmark of graduation for more than 120 years. In 1939, Harold D. Barlow captured the graduating class as well as the school band. Just a few years later, in 1945, Leonard Ochtman documented the dramatic procession of graduating girls. *Collections of the Ridgewood Public Library, Bolger Heritage Center*

Ridgewood's first Fourth of July Parade was held in 1910! This archival photo shows the George L. Pease Memorial Library float in 1947. In her will, Gertrude Pease Anderson left \$100,000 to build a library in memory of her father. The building opened in 1923 and was used by the library through 1998. *Collections of the Ridgewood Public Library, Bolger Heritage Center*

**Your Lawn Only Needs One Inch of Water Per Week**  
Overwatering can lead to a lawn with shallow roots, fungus growth, discoloration and other issues. If it might seem like you're doing your grass a favor with extra water, but you're actually making it more susceptible to stress as well as diseases.

### Firework Safety Tips

- Always clear the ignition area of any flammable and/or combustible materials prior to ignition.
- Always watch the area afterward for any signs of fire.
- Wait before picking up and disposing of any firework remnants.

## GAS-POWERED LAWN EQUIPMENT DISPOSAL

To safely dispose of your metal, gas-powered lawn equipment:

- Drain all fluids (including gasoline and motor oil)
- Deliver the item to the recycling center

## MATTRESS AND CARPET DISPOSAL

To protect Village staff, all mattresses must be contained in plastic mattress disposal bags prior to curbside set out. Carpeting should be cut into 4-foot lengths, rolled, and securely taped or tied into bundles of 12 inches or less in height. We can accept both items on curbside bulk refuse collection days once they have been properly prepared.

Originally established as Linwood Park in 1910, the park was renamed Graydon Park in 1931 to honor Samuel Graydon, who built a dam on the Ho-Ho-Kus Brook to create a swimming area. *Collections of the Ridgewood Public Library, Bolger Heritage Center*

If you usually run your sprinklers for 20 minutes, cut back to 16 minutes. If your lawn still looks good, cut back by an additional four minutes. It makes a big difference!

Since its inception in 1897, the Ridgewood Fire Department has built five stations. Here, RFD members (along with horses Joe and Dan) are pictured in front of the second firehouse at 19 Circle Avenue, which was built in 1902 and remained in use until 1940. *Photo by Aaron Aljian, Collections of the Ridgewood Public Library, Bolger Heritage Center*

## FIRE PREVENTION MONTH COOK WITH CAUTION

- Cooking fires are the leading cause of home fires and injuries.
- Have a “kid-free zone” of at least 3 feet around the stove.
- Turn pot handles toward the back of the stove.
- Watch what you heat, and set a timer to remind you.

## BATTERY RECYCLING

The Ridgewood Recycling Center accepts **ONLY** button cell batteries and dry-cell rechargeable batteries weighing up to 11 lbs. (and 300 Wh for Li-ion). Each individual battery must be packaged in an individual baggie or the terminal ends must be taped securely with non-conductive adhesive tape. Packaging guidelines are required by the U.S. Department of Transportation. Alkaline batteries are manufactured with no added mercury and can be disposed of in the regular trash.

## LEAF SEASON

Ridgewood’s annual leaf pickup begins approximately the 3rd week of October. The Village is divided into 4 areas for leaf pickup, each with specific schedules. Refer to the schedule for your street. If you need to identify your “area” you can find it at [www.ridgewoodnj.net](http://www.ridgewoodnj.net) - My Village Services Lookup. If there are any revisions to the scheduled pickups, we will use E-Notice and the Village website to alert residents to any changes. The leaf area map is located at the back of the calendar.

## Ridgewood Water

111 N. MAPLE AVENUE

### General Information

Ridgewood Water provides water service to Glen Rock, Midland Park, and Wyckoff in addition to the Village of Ridgewood. The primary water supply is from more than 50 deep wells located throughout the service area. Supplemental water is purchased from Veolia Water, the Borough of Hawthorne, and Passaic Valley Water Commission. All sources are tested regularly to ensure compliance with Federal and State water-quality standards.

### Billing Information

Water meters are read remotely on a monthly schedule and accounts are billed quarterly. If you are selling your home or business, a final meter reading and final bill are required to close your account. To schedule a meter reading, please contact Customer Service at [cswater@ridgewoodnj.net](mailto:cswater@ridgewoodnj.net) or 201-670-5520 at least 5 business days prior to the closing date.

### Connections and Service Lines

To establish a new water service connection, disconnect an existing service, re-establish a disconnected service, or arrange short-term turn-off and turn-on service, please contact Customer Service at [cswater@ridgewoodnj.net](mailto:cswater@ridgewoodnj.net) or 201-670-5520. For further information regarding lead please visit our website at [water.ridgewoodnj.net](http://water.ridgewoodnj.net).

### Water Quality Information

Detailed information on water quality is provided in our annual Consumer Confidence Report, available on our website. Additional copies are available at the office of Ridgewood Water.

## Water Conservation Regulations

Water conservation regulations are in effect year round. Demand often exceeds the available water supply from wells and interconnections during hot and dry weather. For conservation purposes, Ordinance #3588 was adopted in April 2017 making two-day per week irrigation permanent with amendments adapted by Ordinance #3940 in April 2023.

- **Odd-numbered addresses are permitted to water on Tuesday and Saturday.**
- **Even-numbered addresses are permitted to water on Wednesday and Sunday.**
- **Irrigation is not permitted Monday, Thursday, or Friday.**
- **Water Emergency Stages 3 and 4 (if enacted) will change these irrigation regulations.**

Residents are encouraged to use smart controllers for all automatic irrigation systems (rain sensors are always required). Smart controllers incorporate real-time weather data to water only when needed. Properties using smart controllers can obtain a permit from Ridgewood Water to be exempt from two-day per week irrigation regulations (restrictions noted on permit application). Please visit [water.ridgewoodnj.net](http://water.ridgewoodnj.net) for more information.
